

We are thrilled to announce the date of our annual Senior Health and Fitness Resource Fair 2025.

The Akron/Newstead and Clarence Senior Centers will be hosting this year's event rain or shine on Wednesday, May 21st, 10am-1pm at the Clarence Town Park Clubhouse at 10405 Main Street, Clarence, NY 14031. We are hoping to have a combination of vendors indoors and outdoors.

Our sponsors for 2025 include Highmark of Western New York, Independent Health, Univera Healthcare, United Healthcare, Nascentia Health and Friedman & Ranzenhofer, PC among others.

Our goals for this resource fair are to increase knowledge of health/wellness choices and other important resources available to seniors in our community in order to foster personal health awareness; provide a variety of educational materials; and to motivate participants to make positive health and fitness behavior changes.

With a combined membership of over 2000 seniors, in addition to the fact that this is our 15th year holding this event, the Akron Newstead and Clarence Senior Center are confident that your participation will not only benefit your organization but our senior community. Attendance at previous fairs have exceeded more than 200 participants. We are excitedly looking forward to even greater success at this year's event.

To confirm your participation please contact me ASAP as participation may be limited.

Feel free to contact me if you have any questions about this event. We appreciate and look forward to your participation. Fee may be waived for certain nonprofit organizations/government agencies.

Sponsorship opportunities may be available; please inquire should your organization be interested. Attached is an application form.
